

Multi-Use Trails – Shared Responsibilities

Share the trail. Denver's trails have been designed for a variety of users, and not only for one group. By following simple, common sense rules and courtesy, trail use will be safe and enjoyable.

- 
Right-of-Way
 Cyclists and in-line skaters must yield to pedestrians. Pedestrians always have the right-of-way.
- 
Keep To The Right
 All trail users must keep to the right except when passing or turning left. Move off the trail to the right when stopping.
- 
Ride Appropriately
 Ride according to conditions: traffic, trails, weather, bicycle and fitness. Use caution on hills, under/over bridges, bends, and when the trails are busy.
- 
Merge Correctly
 Look both ways. Bicyclists: yield to through traffic; at intersections, pedestrians have the right-of-way. Pedestrians exercise caution; be aware of bicyclist's stopping limitations.
- 
Use Appropriate Trail
 Where twinned sections of trail exist, use the appropriate trail as posted. *Wheels and Heels: cyclists and skaters on one trail, and walkers and joggers on the other.
- 
Dismount As Posted
 Dismount and walk across roadways or other posted locations. When choosing a pedestrian style crossing across the flow of traffic, cross only when it is safe to do so.
- 
Signal To Others
 Cyclists: when approaching others, sound your bell or horn early, then pass safely on the left. Pedestrians: acknowledge with a wave when someone is overtaking, then step to the right.
- 
Be Alert
 Watch for slippery sections covered by ice, loose gravel or silt. Be sure the trail is clear of obstructions ahead. Ring bell for others where visibility is restricted such as on hills and turns.
- 
Respect Nature
 Do not disturb or feed wildlife. Keep to well established trails to protect habitat. Do not collect plant or animal material.
