

<b>CITY &amp; COUNTY OF DENVER COMMUNITY PLANNING &amp; DEVELOPMENT BUILDING PERMIT POLICY</b>		
<b>Subject: TEMPORARY SALES OFFICE WITHIN A MODEL HOME</b>		
<b>Approved: Scott Prisco, AIA, Building Official</b>		
<b>Number: ADMIN 134B</b>	<b>Effective Date: October 2, 2019</b>	<b>Page: 1 of 2</b>

**Scope:**

This policy outlines the procedure that guides the review and approval of a request to install a temporary sales office within a model home.

**Policy:**

The applicant must possess a Zoning Use Permit approving the structure for use as a sales office.

A Residential Construction (ResCon) Permit for the structure serving to provide the space for the sales office must have been issued.

If the ResCon Permit has been issued, the structure is eligible to be issued a Commercial Construction (CommCon) Permit to authorize the temporary sales office use and any alterations necessary for the conversion of a portion of the dwelling unit to sales office use.

The dwelling unit proposed to be occupied by the sales office must be eligible to obtain a Certificate of Occupancy (CO) or Temporary Certificate of Occupancy (TCO) for use as a dwelling unit prior to being approved for use as a sales office. A hybrid TCO will be issued for the temporary sales office use. See attached example of the hybrid TCO.

The layout of the interior of sales office must comply with the Accessibility provisions of Chapter 11 of the IBC. The sales office must possess an accessible entrance.

Public toilet facilities must be provided. The facilities must be able to accommodate a person with a physical disability. If toilet facilities are on an adjacent property, then the travel distance from the sales (500 feet maximum) to the toilet facilities must be given. Portable toilets are approved for year-round use.

**Sales Office Construction Document Submittal Requirements:**

1. Floor plan of the sales office.
2. If the required public toilet facilities are not within the structure containing the sales office, provide a site plan indicating the location of the toilet facilities and distance of the toilet facilities from the sales office.

The conditions of use, duration of time the sales office will occupy the structure, and the date the sales office is to be removed is to be stated in the Remarks portion of the CommCon Permit issued for the sales office. The following additional statement is to be included in the remarks on the Permit, "During the period of time the sales office occupies a portion of the dwelling unit, the unit is not approved for residential occupancy."

If there are no construction alterations associated with the sales office conversion request, the CommCon Permit may be issued to the owner of the dwelling unit.

**CITY & COUNTY OF DENVER  
COMMUNITY PLANNING & DEVELOPMENT  
BUILDING PERMIT POLICY**

**Subject: TEMPORARY SALES OFFICE WITHIN A MODEL HOME**

**Approved: Scott Prisco, AIA, Building Official**

**Number: ADMIN 134B**

**Effective Date: October 2, 2019**

**Page: 2 of 2**

The Building Department Construction Inspector is responsible for determining – prior to granting approval to issue the hybrid TCO – if alterations to the unit’s mechanical and or electrical systems are necessary to enable the unit to safely accommodate sales office use; if such alterations will require plans review approval; and if additional mechanical and/or electrical inspection is required.

**END OF DOCUMENT**

# CITY AND COUNTY OF DENVER

## Temporary Certificate of Occupancy

Issued by the City and County of Denver Development Services on this date, XX/XX/XXXX,  
for the building or portion located at:
